Theta Orian Healing Technique

How can Theta Healing help me?

Theta Healing utilizes the brain wave frequency to heal from. Theta is a very slow frequency of 4 - 7 cycles per second that is usually experienced in dreams and deep meditation states. It is a frequency that is slow enough to connect with the underlying creative force of the Universe. When healing is done from this state it becomes a co-creative process in which the healer goes into a meditative theta brain wave frequency, holds an energy focus and watches with their inner eyes the energy change in the clients energy field.

Doing Theta Healing is an opportunity for us to learn to “let go and let God”, as to do it successfully we have to let go of control and trust in the flow of the universe. Yet as we do this our focused intent holds an energy space for the healing to occur and in doing this we become co-creatively linked for a moment with the underlying field of unconditional love, the energy of God, Creator that gives rise to us and our three dimensional world.

This three-day workshop teaches how to enter and heal from a theta state. It focuses on learning how to use kinesiology to identify negative core beliefs and then use Theta Healing to pull and replace them with more positive life affirming ones. Doing this can make major changes in our lives as we do create our own reality by the core belief we hold about ourselves.

These methods include learning how to view and work on the body's DNA when this is what needs to change to facilitate healing.

Vianna Stibal

Founder of Orian/Theta Healing

Vianna is a world renowned Psychic healer, medical intuitive, artist and a teacher who has developed the ability to see clearly into the human body and effect changes in the DNA, on a cellular level, core belief level, genetic, history and soul level.

After she experienced a spontaneous healing of her own cancer after facing the loss of her leg, in 1995, outlined in her book “Go Up and Seek God” ,Vianna needed to know how this process occurred and was told by the Creator, Great Spirit, God , that she had lowered her brain wave to theta 4-7 cycles per second thus enabling her to co-create and facilitate the healing with her God source. She has since taught Orian/Theta Healing to many thousands of students worldwide.

Vianna has successfully worked with such medical challenges as genetic defects, Hepatitis C, Epstein-Barr, Aids, herpes, tumours, a variety of cancers and other conditions

Vianna says of Theta Healing:

“In Theta Healing, we put to use our natural intuition, relying on God's unconditional love to do the actual “work”. By changing your brain wave cycle to include the “theta” state, you can actually watch God create instantaneous physical and emotional healing.”

Vianna has been more than willing to share Theta Healing. She has ensured that all practitioners be taught by accredited teachers.

Anyone can do Theta Healing.
